# PALESTINIAN COMMUNITIES DESTROYED IN AL-NAKBA

- This map shows 418 Palestinian towns and villages depopulated in the ethnic cleansing conducted by Zionist forces in 1947-48.
- Some 700,000 Palestinians fled in panic at the Zionist attacks or were forcibly expelled by Zionist forces.
- Many of these villages were physically destroyed and their lands confiscated by the Israeli government.
- Israel has since prevented Palestinian refugees from returning to their homes and has refused to pay them compensation.
