

WISCONSIN MUSLIM
CIVIC ALLIANCE

Because of you, WMCA showed up at the capital for Advocacy Day, and our community's voice was heard.

Together, we advocated for recognizing Eid as a Holiday, a practical step toward fair school and workplace calendars that allow families to celebrate without barriers.

[Link to Resolution Here](#)

We also urged legislators to VOTE NO on AB 446/SB 445, bills that would codify the controversial IHRA definition of antisemitism in Wisconsin and threaten constitutionally protected free speech, harming Palestinian rights advocates.

Thank you for making this work possible. You can do your part by signing the petition and letting our leaders know how important this resolution is to their Muslim constituents.
