Dear Senator Baldwin,

The U.S.-Israel military merger in the 2027 National Defense Authorization Act (NDAA) is dangerous and unprecedented legislation, and it must not pass. If passed into law with Sections 219 and 1217, the 2027 NDAA will integrate U.S. and Israeli weapons research, technology development, drone systems, AI programs, and military industries, and protect it from future congressional oversight votes. We must not use our tax dollars to support the destruction of Gaza and the West Bank. Please vote against any legislation that includes this provision.
